

Lisa Stallings, 302-236-5247, lisagreatglass@yahoo.com

This is a FREE Block of the Month with the guild. It is free because you will print your own patterns. You will use the link to Moda Bake Shop's COUNTDOWN TO CHRISTMAS pages. There you will find all the patterns and information you need including the setting of the blocks.

You will make it your way with the decisions you make. Which blocks to do, and not do and what colors to use! Each block pattern is given in both 6 and 12 inches. The layout will work with both. Please read through the instructions and layout options before you start printing. Don't print the blocks you don't intend to make. SAVE A TREE! Don't print more than you need to. Most blocks are only 1 or 2 pages long.

You can make your blocks in any order you choose. Just make a few blocks a month and bring them in for show and tell. We will show them as a group each month. By October I hope to see that most of you are ready to sew the blocks into a top. We can do it together at a Sit & Sew if you like or you can do it on your own. I would like to show our tops at the November meeting. Of course, if you have your own quilt all done before then, please bring it in FOR SHOW & TELL! We would love to see it and it will provide more inspiration for the rest of us to finish sooner too.

One more thing! There is another Countdown to Christmas for 2019! We are doing the first one, from 2018. If you see the 2019 on the tag it is not the one we are doing. Hopefully this clears up any confusion with finding the right blocks. Have fun and let's get sewing!
